EDUCATION

• **National Institute of Technology, Kurukshetra**   *2021 - Current*
  Bachelor of Technology : Information Technology   CGPA: 9.0/10

•**Maheshwari Public School, Jaipur**   *2019 - 2020*
  Class XII (Senior Secondary Examination), CBSE   Percentage: 96.4 %

PERSONAL PROJECTS

• **Dream Nest | React , Node , MongoDB , JWT , Material UI**
  – Online marketplace for short- and long-term home-stays and experiences implemented using **MERN** stack.
  – The project features easy-to-navigate property listings, clear categorizations, and delivers concise and fast search results for users.

• **API based Projects | OpenAI npm Lib , React , Node , TypeScript**
  – **Image Generator** | Generates stock images based on the prompt given by a user.
  – **SQL Generator** | Genrates SQL queries using GPT model according to user's requirement.
  – Both project are based on using generative AI capabilities provided by OpenAI models to facilitate a general user in generating stock images or efficient SQL queries and thus saving some time.

• **Chrome Extension**
  – Used **JavaScript , HTML and CSS** to create a chrome extension for browser.
  – This extension helps a user in applying timestamps to videos on YouTube to mark moments for future reference.

TECHNICAL SKILLS AND INTERESTS

Languages: Java, C/C++ , JavaScript, HTML/CSS(Tailwind)

Libraries/Frameworks : React, Redux , Node , MongoDB, MySQL, Firebase

Areas of Interest: Software Development , Software Testing , Web Design and Development

Development Tools: IntelliJ, VS Code , Git/Github , MySql Workbench

Domain Knowledge: Data Structures & Algorithms Design, Operating Systems, OOPs, DBMS, Software Engineering, Java Networking , JDBC

POSITIONS OF RESPONSIBILITY

• **Member | SHIKSHA - Society for a cause**   *2022 - Present*
  ∗ Provides underprivileged children with education and financial assistance to ensure their overall well-being and growth .
